NOISE MONITORING SUB COMMITTEE
28 SEPTEMBER 2007**

- Councillor Mary Rasmussen – appointed by Liverpool City Council to represent the Speke-Garston Ward
- Mr Eddie Morgan – representing the Speke Estate
- Karen Saunders – representing Garston under the Bridge

20 NOISE COMPLAINTS LOG

Members considered the Noise Complaints Log for the three month period 1 June to 31 August 2007. Following the Committee's request at the last meeting, the Noise Log was presented with a specific repeat complainant listed separately at the end of the Log as not to mask other complaints and issues. C Barnes gave a presentation on the Noise Log, which included an analysis of the number of complaints received by date, administrative area, total number of complaints compared to the previous year, number of complaints and complainants for each month and an engine test report.

It was noted that the use of Runway 09 during June due to the change in wind direction had resulted in an increase in the number of noise complaints from Hale and the Wirral.

RESOLVED:

That the report be received.

21 HOTEL AND MULTI-STOREY CAR PARK

The preliminary work on the hotel and multi-storey car park had now been completed and the main construction work had commenced. Hoardings had been erected around the area where the hotel and car park were to be constructed; work on the pilings for the foundations had commenced. Screw type piling was being used as this was quieter and created least vibration. Newsletters were being issued to local residents, on a regular basis, to keep them informed on the progress of the work and what was due to happen next.

22 ANY OTHER BUSINESS
